## Cairnhall

This beautifully renovated, traditional property has been transformed to a light and airy home, enhanced with a quality Fairlie Furniture kitchen.

Painted pantry and island are offset with whitewashed oak shaker units.

For the oak doors and drawers, we selected pippy character Scottish oak for their unique rustic properties.

## Paisley

Fairlie Furniture designed and hand crafted this kitchen as a centre piece for this contemporary open plan newbuild extension.

This design has been brought alive with the deep rich standalone painted island, crisp white worktops and worn white washed Scottish oak wall units.

Each piece of oak has been hand picked for its character, we then cut, and book match the oak to give each door a unique symmetry – craftsmanship that cannot be replicated by factory produced kitchens.
